Section 1 Purpose of the Joint Administrators' progress report

Introduction

This is the eighth progress report by the Joint Administrators (the "Administrators") of Lehman Brothers Holdings plc ("LBH" or the "Company").

This report provides an update on the work that the Administrators have undertaken and the progress made since their appointment, with particular focus on the progress made in the six months to 14 September 2012.

Objectives of the Administration

The Administrators are pursuing the objective of achieving a better result for LBH's creditors as a whole than would be likely if LBH were wound up (without first being in Administration).

The specific aims of this Administration are to:

- Realise all assets, including all cash and derivative positions on a managed basis;
- Mitigate as far as is possible and agree in principle the claims of all creditors; and
- Continue to manage its subsidiaries with a view to maximising returns to LBH.

Creditors' Committee

The Administrators have met with the Creditors' Committee on five occasions since 12 December 2008, in order to discuss significant issues and outline key decisions. The most recent meeting was held on 25 January 2012.

Outcome for creditors

At this time the Administrators are unable to provide a reliable estimate of the likely dividend to ordinary unsecured creditors.

As it seems likely that funds will become available for unsecured creditors, the Administrators are continuing the process of establishing in principle the claims of unsecured creditors. This is in line with the proposals agreed by creditors on 20 November 2008. The Administrators anticipate that LBH will become a distributing Administration in due course.

The Administrators will continue to manage the Administration in accordance with the proposals

approved by creditors and will also consult with your Creditors' Committee.

Pension Liability

As noted in the last report, the case in the Supreme Court relating to the status of liability under a Financial Support Direction ("FSD") is due to be heard in May 2013. In the meantime, the Upper Tribunal hearing on whether LBH should have a FSD made against it is likely to remain stayed.

As reported previously, it will be a significant period of time before any potential liability against LBH under a FSD can be quantified.

Extension of the administration

On 2 November 2011 the High Court of Justice granted an Order to extend the period of the Administration to 30 November 2013.

Future reports

The Administrators' next progress report to creditors will be sent in approximately six months.

Signed:

Section 2 Joint Administrators' actions to date

Asset review

Following the appointment of Administrators, a detailed review of the asset position was undertaken which identified the following categories of assets:

- Investments in subsidiary undertakings;
- Financial assets; and
- Inter-company debts.

The Administrators continue to monitor all of the investments, ensuring that the strategy put in place remains the most effective way to realise value for the benefit of LBH's creditors.

Tax

As creditors are aware, LBH incurred significant tax losses in pre-appointment tax accounting periods which have proved to be of value to other group companies.

A tax loss agreement was entered into with, inter alia, the other PwC Lehman administration companies. This agreement set out the basis for allocating tax losses, and the value to be paid to loss surrendering companies such as LBH. This has resulted in receipts of £7.6m as at 14 September 2012.

In line with the tax loss agreement, tax function costs (which are an allocation of centrally incurred tax costs) have been deducted from the payments received.

Investments in subsidiary undertakings

Lehman Brothers Asset Management (Europe) Limited ("LBAM")

As previously advised, the business and assets of LBAM were sold on 7 May 2009. The benefit of the residual tax losses was retained by LBH and the Administrators have received c. £2.6m to date in respect of these losses. This is in addition to the £7.6m detailed above.

Other Subsidiaries

There are a number of other subsidiary companies where LBH's equity interest may have value but, until significant matters in those companies are resolved, including the pension FSD, the amount of potential realisations for LBH remains uncertain.

Financial assets

The most significant outstanding financial assets are:

Campo Iris ("CI")

CI is a wholly owned subsidiary of LBH which entered into a joint venture with a Spanish company. CI's only asset is cash at Bank within the joint venture, which is understood to be c.€1m.

Previously, the Administrators wrote to the public prosecutor in Luxembourg requesting that CI be wound up. This request was denied and the Administrators have recently been advised that this decision is final.

Further to the Creditors' Committee approval the Administrators have agreed the budgeted costs to appoint a director to CI to bring its financial and statutory affairs up to date and then to seek to wind up CI in order to realise the funds in the joint venture. The appointment is expected to happen shortly.

Inter-company debts

The Company had two key functions:

- As a holding company for a number of entities in the UK Group; and
- As a "pass-through" vehicle for the transfer of subordinated debt and cash funding to LBIE.

There are 59 intercompany relationships which have been identified. The six largest debtors total c.£329m and the six largest creditors total c.£874m which represents 89% and 90% of the total intercompany debtor and creditor balances respectively.

The Administrators established a specific workstream to work on the intercompany balances of the UK Administration companies. Its primary task on behalf of LBH is to provide evidence to

support LBH's claim against its debtors and to adjudicate upon the evidence submitted by LBH's creditors. Discussions regarding creditors' claims are continuing and the Administrators will shortly issue letters of understanding to some creditors in order to agree claims in principle. Undertaking this process will enable the Company to distribute funds promptly when it is in position to do so.

On 11 October 2011, the Administration entered into a settlement agreement with Lehman Brothers Holdings Inc ("LBHI") and certain other affiliates previously subject to Chapter 11 proceedings in the USA in conjunction with other UK affiliates. The Plans of Reorganisation became effective on 6 March 2012. Pursuant to this agreement LBH had its claims against Lehman Brothers Special Financing Inc ("LBSF") and Lehman Commercial Paper Inc ("LCPI") agreed at \$19.3m and \$2.2m respectively. The first distributions from those estates were received in the period, being \$3.88m from LBSF and \$0.26m from LCPI. A second distribution was received from each estate on 1 October (after the period covered by this report) being \$0.3m from LBSF and \$0.2m from LCPI.
