Section 1 Purpose of the Joint Administrators' progress report

Introduction

This is the eleventh progress report by the Joint Administrators (the "Administrators") of Mable Commercial Funding Limited ("Mable" or the "Company").

Creditors should have received the Administrators' proposals (the "Proposals") dated 12 November 2008, which were approved at a meeting of creditors held on 27 November 2008, and the Administrators' ten previous progress reports. If any creditor requires copies of these reports, please contact Nigel Rackham at PricewaterhouseCoopers LLP, 7 More London Riverside, London, SE1 2RT, alternatively, these are also available on the Administrators' website www.pwc.co.uk/business-recovery/administrations/lehman/mable-commercial-

funding-limited-in-administration.jhtml.

This report provides an update on the work that the Administrators have undertaken and the progress made since our appointment, with particular focus on the six months to 22 March 2014 (the "Period").

Business activities

Mable is a holding company that principally acted as a funding vehicle for mortgages and asset-backed debt financing on behalf of a number of its direct and indirect subsidiaries.

Mable utilised employees seconded from Lehman Brothers Limited (in administration) and principally operated from the Lehman Group's former premises at 25 Bank Street, London, E14 5LE.

Objectives of the Administration

The Administrators are pursuing the objective of achieving a better result for Mable's creditors as a whole than would be likely if Mable were wound up (without first being in Administration).

The specific aims of this Administration are to:

- Protect and manage the Company's portfolios of assets; and
- Realise these assets, including cash, mortgages and asset backed securities, on a managed basis.

Creditors' Committee

A Creditors' Committee has not been formed.

Outcome for creditors

On 24 June 2013, the High Court of Justice made an Order pursuant to paragraph 65(3) of schedule B1 of the Insolvency Act 1986, granting permission to make distributions to unsecured creditors of Mable.

A last date for proving claims was set for 6 September 2013. 20 claims with a value of £840m have been received including £119m in relation to pensions as referred to below. The remaining claims totalling \pounds 721m have been agreed, including a claim of \pounds 598m from Lehman Brothers International (Europe) (in administration).

On 14 November 2013, the Administrators paid a first interim dividend of 16.1 pence in the pound. The total paid by way of dividend to creditors with agreed claims was \pounds 116m.

A second interim dividend of approximately four pence in the pound is to be made to unsecured creditors.

A deadline to lodge proof of debt forms for inclusion in this distribution has been set for 30 April 2014 with the dividend to be paid no later than 30 June 2014. The Administrators encourage any creditor that has not submitted its claim to do so as soon as possible. The Administrators are unable to estimate the quantum or timing of further distributions.

Future reports

The Administrators will report to creditors in approximately six months.

Section 2 Joint Administrators' actions to date

Progress to date

Mortgage loan assets ("Mortgage Assets")

As stated in previous progress reports, the Administrators have implemented a hold strategy for the Mortgage Assets.

By way of background, Mable provided a loan to one of its subsidiaries which was used to fund the origination of the Mortgage Assets. These Mortgage Assets were pledged as security against the loan. The Mortgage Assets are being held and run-off using a Lehman owned servicing platform, Acenden Limited ("Acenden"), formerly known as Capstone Mortgage Services Limited.

In the Period the Administrators collected loan interest and principal sums totalling £1.7m in relation to the Mortgage Assets. In total £47.9m has been collected since the beginning of the Administration.

Debtors

As mentioned in previous reports, Mable's total claim against the various US affiliates has been agreed at \$16.5m. To date, Mable has received distributions totalling \$3.1m, including a distribution of \$0.9m received in the Period. A further distribution of \$1.0m is expected from the US affiliates in April 2014. The timing and quantum of future distributions remains uncertain.

On 3 August 2012, LB UK RE Holdings Limited (in administration) ("LBUKRE") admitted Mable's claim of \pounds 0.6m. To date, Mable has received interim dividends totalling \pounds 0.3m, including a distribution of \pounds 20k received in the Period. The timing and quantum of future distributions from LBUKRE remains uncertain.

On 29 July 2013, Storm Funding Limited (in administration) ("Storm") admitted Mable's claim of £366m. To date, Mable has received dividends totalling £63.7m, including a distribution of £25.6m received in the Period. A third interim distribution of approximately ten pence in the pound is expected in May 2014.

On 8 October 2013, Eldon Street Holdings Limited (in administration) ("Eldon") admitted Mable's claim of \pounds 7.1m. A first interim dividend of 12 pence in the pound was made on 29 October 2013 and Mable

received £0.8m. The timing and quantum of future distributions from Eldon remains uncertain.

On 25 February 2014, Lehman Brothers Financing Limited (in Creditors' Voluntary Liquidation) ("LBFL") admitted Mable's claim of £1.5m. First and second interim dividends totalling 73.9 pence in the pound were made on 12 March 2014 and Mable received \$1.4m and \bigcirc 0.3m. The timing and quantum of future distributions from LBFL remains uncertain.

Pensions

Following the Supreme Court judgment in July 2013 to which we referred in our last report, the stay which had been in force for the Upper Tribunal proceedings came to an end. The Upper Tribunal has the role of deciding whether a Financial Support Direction ("FSD") should be made, and against which entities, in respect of the Lehman Brothers Pension Scheme. Mable is one of the potential targets of a FSD.

In accordance with directions from the Upper Tribunal, written claims have been produced by the Pensions Regulator and the pension scheme trustees. The Upper Tribunal has also issued a timetable for the FSD targets (including Mable) to file their written replies, and has set a date in February 2015 for a 15day substantive hearing. The Upper Tribunal is expected to issue further directions in July 2014.

Also since our last report the Administrators have participated, with the administrators of 13 other Lehman companies, in a High Court application relating to the maximum quantum of a Contribution Notice ("CN") if this were to be issued by the Pensions Regulator in the event of non-compliance with a FSD. The High Court held that the aggregate liability under CNs issued to more than one target company could exceed the amount of £119m claimed as a statutory debt due from the pension scheme employer, Lehman Brothers Limited (in administration). This judgment is being appealed.

In light of the activity set out above, the risk of Mable having a liability to the pension scheme under a FSD remains, and the Administrators continue to monitor the position and take steps as appropriate. In the meantime, Mable is continuing to reserve £119m in respect of any liability that may arise in connection with a FSD.

Taxation

All Corporation Tax returns up to the year ended 22 September 2011 have been agreed. The Corporation Tax return for the year ended 22 September 2012 has been submitted but has not yet been agreed by HM Revenue and Customs. The 2012 return shows no tax payable and \pounds 0.1m of current year losses available to shelter future trading profits or to surrender for value as group relief to other companies in the Lehman Group. It is uncertain at this stage what value Mable may achieve for these losses.

No significant Corporation Tax recoveries are envisaged for pre-appointment periods.

Value Added Tax ("VAT") repayments of £0.1m for returns filed for the quarters ended November 2012 to August 2013 were received in the Period. To date, Mable has received total VAT repayments of £0.9m. Mable is also due to receive a further £41k in respect of the VAT return filed for the quarter ended November 2013.

Future strategy

The Administrators will:

- Continue to work with the Acenden team to ensure that all applicable principal and interest is remitted to Mable;
- Pursue routes to finalise the pension liability; and
- Make further payments to creditors as funds permit.

In the Period, £0.8m (VAT inclusive) representing the Administrators' remuneration for the period from 1 January 2013 to 31 December 2013 has been drawn.

* A reclassification exercise has been undertaken for all historical receipts. Consequently movements have occurred between "Mezzanine loan repayments" and "Principal and interest on mortgage assets". A newly created "Income from investments" category will include interest on investments as well as bank charges. There is a small difference in the previously reported total for these categories due to reallocation of bank charges from "Other professional fees" to the new "Income from investments" category.
