Key messages

Why we've sent you this report

I'm writing to update you on the progress of the administration of the Company in the six months from 30 October 2021 to 29 April 2022.

Creditors may wish to read this report in conjunction with our previous reports and our Proposals, all of which continue to be available on our website at www.pwc.co.uk/evanscycles. The information provided in those reports is not repeated here unless considered necessary or beneficial for the purposes of this update. Please get in touch with Sam Green at uk_evanscycles@pwc.com if you need the password to access the reports.

How much creditors may receive

The following table summarises the possible outcome for creditors, based on what we currently know.

Class of creditor	Current estimate (p in £)	Previous estimate (p in £)	Timing
Secured creditors			
HSBC/AIB	39	39	Up to 6 months
ECI	Nil	Nil	N/A
Preferential creditors	N/A	N/A	N/A
Unsecured creditors	3.34	3.34	Declared on 30 April 2020 Paid on 28 July 2020

Secured creditors

We have estimated that HSBC and AIB are expected to share distributions totalling £11.05m which represents 39% of their total indebtedness. To date, we have made distributions of £10.67m to these lenders and therefore further distributions are estimated at £0.38m.

Due to the order of priority between the charge holders, ECI is not expected to recover any of its debt. We report to HSBC and AIB separately with regards to the periodic release of funds to them and our most recent update was issued in March 2022.

Preferential creditors

All of the Company's employees transferred to The Purchaser, therefore we are not anticipating any preferential claims.

Unsecured creditors

As previously reported, on 30 April 2020, a first and final dividend was declared to unsecured creditors at a rate of 3.34p/£.

Other than this prescribed part dividend, there will be no further distributions to unsecured creditors.

What you need to do

As advised, we have now declared the first and final dividend to the unsecured creditors by virtue of the prescribed part. Therefore, this report is for your information and you don't need to do anything.

Recap on the administration

For details of the work we have done in prior periods of the administration, please refer to the Proposals and our previous progress reports, which can be found on our case website: www.pwc.co.uk/evanscycles.

When we last reported, the key outstanding matters in the administration were as follows:

- Finalise asset realisations;
- Pay future and final distributions to HSBC and AIB;
- Monitor the progress of the class action claims as referred to later in this report; and
- Conclude all statutory matters, including VAT and tax clearance.

This report provides an update on these key outstanding matters.

Progress since we last reported

Class action claims

Truck cartel claim

As advised in our previous report, at the time of our appointment the Company was party to a class action claim in respect of alleged price fixing by truck manufacturers. Due to uncertainty surrounding the length of time this matter could take to settle, we are considering our options in relation to this claim and expediting its resolution and are exploring the possibility of selling our claim to a third party. We have agreed terms with a third party but need permission from the RHA for the assignment.

We will update creditors on the outcome of these discussions in our next report.

Bank interest and other receipts

As we have now received tax clearance from HMRC, during the period we removed the accounts from interest bearing and therefore no interest was received during the period.

We have realised £2.5k in respect of sundry debts and refunds, which consist mainly of monthly instalments relating to a Court compensation order.

VAT

As stated in our previous report, HMRC is experiencing delays in processing VAT returns and we are still waiting to receive the VAT refunds due to the estate.

We are continuing to hold conversations with HMRC to ascertain a resolution to this issue and we've now escalated the matter within HMRC. The escalation team has suggested a solution which is being actioned. We will update creditors on the progress of this matter in our next report.

Investigations and actions

As previously advised, within three months following our appointment, we fulfilled our statutory obligations and filed our submissions on the conduct of the Company's directors with the Insolvency Service, the contents of which are confidential.

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and SIP 2.

Our receipts and payments account

We set out in Appendix A an account of our receipts and payments in the administration from 30 October 2021 to 29 April 2022.

Our expenses

We set out in Appendix B a statement of the expenses we've incurred to the date covered by this report and an estimate of our future expenses.

Our fees

We set out in Appendix C an update on our remuneration which covers our fees, disbursements and other related matters in this case.

Please note that in Appendix C, we refer to the Secured Creditors' agreement for the level of our remuneration to be increased.

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge fees and expenses within eight weeks of receiving this report as set out in Rule 18.34.

This information can also be found in the guide to fees at:

<https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2021/administration-creditor-fee-guide-1-april-2021.ashx?la=en>

You can also get a copy free of charge by emailing Samuel Green at uk_evanscycles@pwc.com.

What we still need to do

Our future work will focus on the following areas:

- Finalise asset realisations;
- Continue to pursue the VAT refund from HMRC;
- Upon receipt of the VAT refund, pay future and final distributions to HSBC and AIB; and
- Conclude all statutory matters, including VAT and tax clearance.

The Company will be dissolved three months after we cease to act as Joint Administrators.

Next steps

We expect to send our next report to creditors at the end of the administration or in about six months, whichever is the sooner.

If you've got any questions, please get in touch with emailing Samuel Green at uk_evanscycles@pwc.com.

Yours faithfully
For and on behalf of the Company

David Baxendale
Joint administrator

Notes to the receipts and payments account

- All amounts shown exclude VAT unless otherwise stated. The VAT balances collectively represent the amount payable / receivable at the period end. Refunds totalling £317k are due from HMRC. We are chasing HMRC regularly in respect of outstanding refunds.
- The statement of affairs (estimated to realise) balances for Book Debts and Cash in Transit were as at close of business on 29 October 2018, however receipts on the 30 October 2018, prior to our appointment, have been retained by the Bank as pre-appointment receipts.
- With regard to the interchange claim - due to confidentiality clauses agreed as part of settlement, we are not permitted to disclose the quantum of the Company's share of professional costs associated with the action. However we can confirm that the Company's contribution was proportionate to its share of the class action claim.
- We have shown all transactions in relation to the management of the Company's leasehold property portfolio in the above Property Account.

Appendix B: Expenses

Expenses are amounts properly payable by us as administrators from the estate, but excludes our fees and distributions to creditors.

These include disbursements which are expenses met by and reimbursed to an office holder in connection with an insolvency appointment. Expenses fall into two categories:

Category: Definition:

1	These are payments to persons providing the service to which the expense relates who are not an associate of the office holder.
2	These are payments to associates or which have an element of shared costs. Before being paid, category 2 expenses require approval in the same manner as an office holder's remuneration. Category 2 expenses require approval whether paid directly from the estate or as a disbursement.

We don't need approval from creditors to draw Category 1 expenses as these have all been provided by third parties but we do need approval to draw Category 2 expenses. The body of creditors who approve our fees (in this case the Secured Creditors) also have the responsibility for agreeing the policies for payment of Category 2 expenses. We did not incur any disbursements during the period.

The rate for services provided by the Administrators' own firm (Category 2 expenses) may periodically rise (for example to cover annual inflationary cost increases) over the period of the administration. All other disbursements to be charged at cost. We have not incurred any category 1 or 2 expenses during the period of this report.

The table below provides details of the expenses incurred in the administration. It excludes any potential tax liabilities that we may need to pay as an administration expense because amounts becoming due will depend on the position at the end of the tax accounting period. The table should be read in conjunction with the receipts and payments account at Appendix A, which shows expenses actually paid during the period and the total paid to date.

The expense policy set out above has been approved by the secured creditors. The table below provides details of the expenses incurred in the administration:

	Brought forward	Incurred in the period	Cumulative	Estimated future	Anticipated total	Initial estimate	Variance
	£	£	£	£	£	£	£
Agents' Fees	3,602	966	4,568	-	4,568	4,137	431
Duress Payments	1,446	-	1,446	-	1,446	1,446	-
Debt collection fees (1)	5,026	-	5,026	-	5,026	-	5,026
Storage costs	11,638	-	11,638	1,858	13,496	8,000	5,496
Bank charges (2)	118	-	118	57	175	150	25
Corporation tax (2)	2,374	-	2,374	-	2,374	-	2,374
Office holders' expenses (2)	9,599	-	9,599	-	9,599	-	9,599
General expenses	17	-	17	-	17	-	17
Legal fees & disbursements	50,365	4,695	55,060	-	55,060	50,000	5,060
Statutory advertising	958	-	958	-	958	1,750	(792)
Insurance	9,010	-	9,010	-	9,010	8,964	46
Total	94,153	5,661	99,814	1,915	101,729	74,447	27,282

Our expenses have exceeded the estimate provided to all creditors before the basis of our fees was fixed. This is because the debt collection costs were not anticipated at first, however, due to the unique nature of the debts it was necessary to incur the costs, and the additional expenses related to the extensions to the period of the administration.

Notes to the expenses account

1. Debt collection fees are in relation to commission deducted at source by a debt collection agent, which has been included as an expense to allow for input VAT recovery.
2. These expenses were previously not reported in their entirety in our previous progress reports expense table, which has increased the brought forward balance from £82.1k to £94.1k.

Appendix C: Remuneration update

The basis of our fees for acting as joint administrators of the Company has been determined by the Secured Creditors as follows:

- A percentage of realisations in relation to work performed for the benefit of (and paid for by) the Purchaser; and
- Time costs for all other work, including dealing with the prescribed part fund.

Further details on each of the above are set out in this Appendix.

Fees as a percentage of realisations

As advised previously, the Company periodically invoiced the Purchaser for our time in attending to matters arising as a result of its extended occupation of the properties. The Secured Creditors agreed that we could draw fees in relation to this work, calculated as 100% of the VAT-exclusive amount invoiced by the Company. This mechanism was chosen in order to avoid interfering with the fees estimated in our Remuneration Report, given the indeterminate amount of work involved. The amount paid has no impact on the creditors of the Company.

As shown in Appendix A and in line with the approval given we initially drew fees totalling £100k (plus VAT) from the invoiced contribution to costs of £116k. A further £10k was later contributed by the Purchaser and, in a prior period, we drew the final (percentage of realisation) fees of £26k.

Fees on a time cost basis

In our Remuneration Report, we proposed that our fees be determined on a time costs basis and we gave an estimate for those fees of £780k. Included in that amount was an estimate of £80k for dealing with the agreement of creditor claims and distributing the prescribed part fund, which was payable from the fund itself with the net amount being distributed to creditors.

In accordance with insolvency legislation and in the circumstances of this case, it was for the Secured Creditors to consider the above proposal and their consent was duly obtained.

As previously advised, the Secured Creditors subsequently approved an increase in the fees estimate from £780k to £880k as a result of achieving significantly increased asset realisations (when compared to initial expectations), and with a resultant net benefit for the administration estate.

To date, we have drawn £765k in fees, excluding our work in connection with distributing the prescribed part. With regard to the latter, we capped our fees at £115k (compared to costs to date of £127k). Both the payment of £765k and £115k can be seen in Appendix A (the latter including other expenses of £1.6k).

As our fees have exceeded our current fees estimate we have discussed increasing it with the Secured Creditors. We will be issuing a formal request to them shortly and an update will be provided on our website.

As summarised in the following table, our time costs for the six-month period of this report were £61k. This represents the work we described earlier in this report, further details of which are set out later in this Appendix. We also provide the total time costs for the administration since our appointment and a comparison to the above estimate and give an indication on the likelihood of seeking further approval to draw fees in excess of the fees estimate.

Our time charging policy and hourly rates

We and our team charge our time for the work we need to do in the administration. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex or important matters of exceptional responsibility are handled by our senior staff or us.

All of our staff who work on the administration (including our cashiers, support and secretarial staff) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. Work carried out by our cashiers, support and secretarial staff is charged separately and isn't included in the hourly rates charged by partners or other staff members. Time is charged in six minute units. The minimum time chargeable is three minutes (i.e. 0.05 hours). We don't charge general or overhead costs.

We set out below the maximum charge-out rates per hour for the grades of our staff who already or who are likely to work on the administration

Grade	Up to 30 June 2021 £/hour	From 1 July 2021 £/hour
Partner	850 (955)	875 (980)
Director	720 (840)	740 (865)

Support Staff	125 (155)	130 (160)

The charge-out rates in brackets represent rates applicable to staff based in London (or central functions) who charge a relatively small number of hours. We call on colleagues in our Tax, VAT, Real Estate and Pensions departments where we need their expert advice. Their specialist charge-out rates vary but the following are the maximum rates by grade per hour.

Grade	Up to 30 June 2021 £/hour	From 1 July 2021 £/hour
Partner	1,600	1,600
Director	1,465	1,465
Senior Manager	1,355	1,355
Manager	815	815
Senior Associate	605	605
Associate	325	325
Support Staff	180	180

In common with many professional firms, our scale rates may rise to cover annual inflationary cost increases.

Payments to associates
