# What we've done during the liquidation

## Background

Interserve Plc was the listed parent company of a construction and support services business, operating mainly in the UK. Financial issues resulting largely from problem contracts in the Group's energy-from-waste business led to profit warnings in 2017. Interserve Plc was forced to restructure and refinance in March 2018. After its financial situation worsened in late 2018, debt holders discussed a further financial restructuring of the business and a debt-for-equity plan was proposed to shareholders in March 2019. It was rejected by the shareholders and, as a result, Interserve Plc itself went into administration, but its subsidiaries did not.

As part of a pre-packaged sale in administration, Interserve Plc's subsidiaries were all sold to a newly incorporated company owned by the Group's lenders, IGL. Since that time, the board focused on disposing of IGL's businesses in an orderly manner with the purpose of maximising returns to creditors and as a result actioned a number of disposals of trading entities, strike offs and the solvent wind up of a number of other Group entities.

Following the completion of the above disposals, the directors of the remaining entities of the Group focussed on implementing a corporate resolution plan with a view to achieving the orderly wind down of these remaining entities, with the continued purpose of maximising returns to creditors. This was done in consultation with the Secured creditor, which has the major economic interest in the Group's operations and which provided funding to ensure matters were wound down properly.

After obtaining advice the directors concluded that the wind down of certain entities in the Group could not continue outside of an insolvency process and therefore needed to take steps to place a number of entities into liquidation in order for the winding down process to continue to a conclusion.

IGL and 17 of its subsidiaries entered CVL on 20 September 2023, which included the Companies Mark James Tobias Banfield, David Robert Baxendale and I were appointed Joint Liquidators.

The Companies are insolvent by virtue of their participation in the Group lending arrangements and the debt owed to the Secured creditor.

To facilitate the orderly wind down of the Companies immediately following appointment, the Secured creditor made monies available to the Liquidators (via IGHL) to fund certain costs and expenses of the liquidations.

The Companies were dormant at the time of our appointments and did not trade. After a review of the Companies' affairs, we identified that there were no assets available to realise and we decided the most appropriate course of action was to comply with our statutory obligations and then move the Companies to dissolution.

The following is a brief summary of how we've dealt with matters in the liquidation.

## Liquidation funding

The Companies had no realisable assets therefore, in order to ensure any expenses could be met, the Companies signed a funding agreement with IGHL. Under the funding agreement, Glas provided funds to IGHL to meet the costs of the liquidation of the CVL Companies and certain other costs that had been explicitly agreed by Glas and the underlying lenders. The Companies would borrow funds to meet the cost of the liquidation, the funds borrowed were repayable only to the extent that there were sufficient funds in the liquidation to repay IGHL. As there were no realisations, no repayments have been made to IGHL.

## Statutory and compliance

### Tax

We wrote to HMRC to explain there were insufficient funds to make a distribution to Unsecured creditors in the estates of the Companies and therefore any pre liquidation tax liabilities would remain unsettled. On that basis we did not file any pre liquidation tax returns. Additionally, we explained to HMRC that the Companies had not received any

realisations, income or profits in the post liquidation period; on that basis we have not prepared any tax returns for the Companies.

## **VAT**

Only B&PH, TTHL, ISFHL, ISF were registered for VAT purposes. We reported relevant VAT transactions to the VAT group representative, Interserve Group Limited.

## **Other**

We have complied with our statutory obligations, including reporting to creditors.

## **Prior relationship**

Chris Pillar, a director of Edinburgh Haymarket Developments Limited, How Group Limited and Building & Property (Holdings) Limited, is a former director of PwC (he left in 2016) and acted as a contractor for PwC between November 2020 and June 2021. This later work was in respect of internal training materials for PwC and was undertaken prior to Chris Pillar's appointment as a director of Edinburgh Haymarket Developments Limited, How Group Limited and Building & Property (Holdings) Limited. Victoria Hatton worked with Chris Pillar during his work as a contractor. This relationship should have been disclosed in communications following our appointment and due to an error was not disclosed previously.

## **Investigations and actions**

We have reviewed the Companies' affairs and taken into account any points raised by creditors in discharging our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

## **Our receipts and payments account**

We set out in Appendix A an account of our receipts and payments in the liquidations from 20 September 2023 to 18 September 2024.

## **Our expenses**

We set out in Appendix B a statement of the expenses we've incurred in the period since our appointment.

## **Our fees**

We set out in Appendix C an update on our fees, expenses and other related matters.

## **What we still need to do**

The winding up of the Companies is now complete. Following the end of the period within which creditors may object to our release, we will send a copy of this final account to the Registrar of Companies with a statement on whether any creditors of the Companies objected. We will vacate office on the sending of the copy of the report and statement.

If you've got any questions, please get in touch with us at [uk\\_interservegroup@pwc.com](mailto:uk_interservegroup@pwc.com).

Yours faithfully

David Baxendale

Joint Liquidator

# Outcome for creditors

## Secured creditors

Glas holds fixed and floating charge security over the assets of the Companies (and the other companies in the Group) by way of registered charges. IGHL is the primary borrower in respect of this security. However, the Companies have provided a guarantee for all obligations under the secured facilities. The amount owed to Glas under its security at the date of appointment was c.£49.59 million.

No distributions have been made to Glas by the Companies.

## Preferential creditors (mainly employees)

There are no known First ranking preferential creditors of the Companies.

## Secondary preferential creditors (HMRC)

There are no known Secondary preferential creditors of the Companies.

## Unsecured creditors

Dividends become available for Unsecured creditors when there are sufficient funds (after costs of the liquidation) to pay the Secured and Preferential creditors in full, with an amount left over. In certain circumstances, part of the amount available for Secured creditors may be ring-fenced for the benefit of Unsecured creditors. This Prescribed part is paid out of 'net property', which is floating charge realisations after costs, and after paying – or setting aside enough to pay – preferential creditors in full. But it only has to be made available where the floating charge was created on or after 15 September 2003.

The Companies did not have any net floating charge realisations and so the value of the Prescribed part was nil. Therefore no amount was paid to Unsecured creditors under the Prescribed part, or otherwise, during the liquidations of the Companies.

**Notes to the receipts and payments:**

1. Glas provided funds to IGHL to meet the costs of the liquidation of the CVL Companies and certain other costs that had been explicitly agreed by Glas and the underlying lenders. Payments are made from IGHL, and then recharged to the other CVL Companies by way of accounting journals. Facility A represents costs that are liquidation expenses, these are shown in the above tables with the description "Third Party Funds - Facility A".
2. Facility A amounts are repayable by the CVL Companies from cash available in their estates after they have paid any other liquidation expenses. The CVL Companies are jointly and severally liable for Facility A amounts.
3. All items are stated net of VAT.
4. BP&H, ISFHL, TTHL, and ISFL are each owed £38 by IGL, which acts as the VAT group leader. IGL received a VAT refund from HMRC that included the £38 claimed by each of these entities. We will transfer the VAT refund received by IGL from HMRC to IGHL. This transfer will serve as repayment for the funding that IGHL provided to BP&H, ISFHL, TTHL, and ISFL.
5. There have been no payments made to us, our Firm, subcontractors or associates.
6. The Companies do not have bank accounts. The transactions represent journals made on our accounting system. As such, funds are therefore not held in an interest bearing account.
7. The statement of affairs for B&PH provided an estimated to realise value of £6,708.88 for VAT on an outstanding invoice, this is shown in the R&P for B&PH as Pre Appointment VAT refund. As B&PH was part of a VAT group, any claim would be against IGL as the VAT group representative. Given the estimated dividend from IGL to its creditors is expected to be a prescribed part and less than 1p in the £, we concluded it was not commercial to pursue the claim.
8. There were no values on the statement of affairs for ID2, ID4, TTHL, Broomco, ISFL and ISFHL due to the lack of assets.

# Appendix B: Expenses

Expenses are amounts properly payable by us as liquidators from the estate but exclude our fees and distributions to creditors.

These include disbursements which are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

Expenses fall into two categories:

Expense	SIP9 definition
<b>Category 1</b>	Payments to persons providing the service to which the expense relates who are not an associate of the office holder.
<b>Category 2</b>	Payments to our Firm or our associates or which have an element of shared costs (for example, photocopying and mileage disbursements, or costs shared between different insolvent estates).

We don't need approval from creditors to draw Category 1 expenses as these have all been provided by third parties but we do need approval to draw Category 2 expenses. The body of creditors who approve our fees also has the responsibility for agreeing the basis for payment of Category 2 expenses. All other disbursements to be charged at cost.

The rate for services provided by the Liquidators' own firm (Category 2 expenses) may periodically rise (for example to cover annual inflationary cost increases) over the period of the liquidation. The following table provides a breakdown of the Category 2 expenses incurred in the period, together with details of the Category 1 expenses that have been incurred as disbursements by PwC; these will not be charged to the estates.
