## Why we've sent you this report

I'm writing to update you on the progress of the liquidation of MEQ Realisations Limited in the 12 months since our last report dated 14 October 2020.

You can still view our earlier reports on our website at [www.pwc.co.uk/mint](http://www.pwc.co.uk/mint)

## How much creditors may receive

The following table summarises the possible outcome for creditors\*, based on what we currently know.

<b>Class of creditor</b>	<b>Current estimate (p in £)</b>	<b>Previous estimate (p in £)</b>
<b>Secured creditor(s)</b>	Paid in full in the prior administration	Paid in full in the prior administration
<b>Preferential creditors</b>	100 (if applicable)	100 (if applicable)
<b>Unsecured creditors</b>	up to 1.5	up to 1.8

\*Please note this guidance on dividends is only an indication and should not be used as the main basis of any bad debt provision or debt trading.

The timing of dividend to the Company's unsecured creditors is dependent on resolution of the claims of certain former employees in France through the French courts. Further details on the current position of this action can be found later in this report.

## What you need to do

We've asked for outstanding claims from unsecured creditors so that we can agree them for dividend purposes.

If you haven't already done so, please send your claim to us so that we can agree it. A claim form can be downloaded from our website at [www.pwc.co.uk/mint](http://www.pwc.co.uk/mint) or you can get one by telephoning Helena Perevalova on 07483 423208.

# Overview of what we've done to date

This is our tenth progress report. You may wish to refer to our previous reports which can be found at [www.pwc.co.uk/mint](http://www.pwc.co.uk/mint). As explained in our earlier reports:-

- we received the sum of £1,327,878 from the joint administrators following the end of the administration;
- following an extensive reconciliation of the residual sums due to the Company, we collected book debts totalling £306,015; and
- we reviewed, investigated and responded to subject access requests, made under the Data Protection Act 1998.

We remain in office in order to:

- realise the Company's only remaining asset - a claim of £848k in the liquidation of MPL;
- to resolve the claims made by a number of the Company's France based ex-employees in the French courts; and
- to pay distributions to the Company's unsecured creditors and (if applicable) to the preferential creditors.

# Outcome for creditors

## Secured creditors

The secured creditor was paid in full in the preceding administration.

## Preferential creditors (mainly employees)

The only preferential creditors were originally expected to be the eight former employees based in France, who appealed the French Court's judgment (see section "Progress since we last reported", below).

Depending on the outcome of the continuing tribunal appeal, the liability for holiday pay and wage arrears (pursuant to the Employment Rights Act 1996 and IA86) for the employees based in France, would be paid in full subject to English Law statutory limits for preferential claims.

## Unsecured creditors

Dividends become available for unsecured creditors when there are sufficient funds (after costs of the liquidation) to pay the secured and preferential creditors in full, with an amount left over. In certain circumstances, part of the amount available for secured creditors may be ring-fenced for the benefit of unsecured creditors. This prescribed part is paid out of 'net property', which is floating charge realisations after costs, and after paying – or setting aside enough to pay – preferential creditors in full. But it only has to be made available where the floating charge was created on or after 15 September 2003.

The prescribed part applies in this case as there is a floating charge created after 15 September 2003.

The amount of the prescribed part is:

- 50% of net property up to £10,000
- 20% of net property above £10,000
- Subject to a maximum of £600,000

We think the Company's net property will be about £597,000 depending on the result of the French former employee appeal (please see below). The maximum value of the prescribed part is currently estimated to be about £122,000. We think that there are also sufficient realisations for a dividend to be paid to unsecured creditors other than from the prescribed part. In total, the dividend rate is estimated to be up to 1.5p in the £.

We've calculated this on the estimate of the unsecured creditors included in the statement of affairs provided to the administrators. This estimate depends on future realisations, liquidation costs and finalising claims from unsecured creditors and it is only an indication. You shouldn't use it as the main basis for any bad debt provisions.

If we think the costs of agreeing claims and paying a prescribed part dividend will be greater than the funds available or otherwise disproportionate to the benefits, we can apply for a court order not to pay the prescribed part to unsecured creditors. At the moment, we don't plan to make such an application.

The claims agreement process is on hold until the issues below have progressed.

The table below sets out the status of the unsecured creditors' claims:

	Admitted	Awaited	Agreed Nil	Rejected
Number	99	132	-	20
Value £	11,296,765	849,774	-	1,883,094

# Progress since we last reported

## Realisation of assets

### Intercompany debtors

As previously reported, the Company had submitted a claim of £848k in the liquidation of MPL which was admitted for dividend purposes.

MPL's remaining asset was its shareholding in MARL. MARL has a potential asset being an indirect interest in a property asset ("the Asset"). Confidentiality restrictions around the Asset have made it difficult and time consuming to assess if the Asset has any value, but MARL's directors consider it has realisable value. The Company (via MPL) loaned £60,000 to MARL to fund steps to realise the Asset. These funds have been fully utilised but the Asset remains unrealised. Neither the Company nor MPL were able to facilitate further funding. As MARL's directors remain of the opinion that there is value in MARL's interest in the Asset, they sought external funding.

A sale of the shareholding in MARL was completed in May 2017 to an external funder. The directors, together with the purchaser, will continue to pursue the Asset. Under the terms of the sale, MPL is entitled to deferred consideration in the event the directors achieve a successful recovery from the Asset.

As the timing and question of any recovery from the Asset was uncertain and becoming protracted, the liquidators of MPL decided to accept an offer of £7,000 for the Company's deferred consideration rights. This enabled the liquidators of MPL to declare a dividend to its creditors from the prescribed part.

Since the period end, we have received a dividend payment of £1,195.39 from MPL. This concludes realisations from this source. There is no prospect of the loan to MARL being repaid.

### Former employees in France

As you are aware, the Company's French office was not included in the pre-packaged sale of the Company's business and assets and the French office employees were subsequently made redundant by the liquidator of a secondary French insolvency over the Company's establishment in France. A number of former employees brought significant claims against the Company and the purchaser of the business and assets. These claims have taken a number of years to go through the Tribunal and then the court of appeal. Full details regarding the background to these claims have previously been provided.

All the claims had either been withdrawn or been rejected by the French courts. Two claimants had made an appeal against the French court judgement that the French employment tribunals did not have jurisdiction regarding the transfer of employees' contracts under the UK prepack procedure.

The appeal judgment upheld this, but the court recognised that certain of the claimant's claims were justified in the context of the French liquidation. The court recorded these liabilities in the frame of the MEQ French liquidation, albeit the French liquidation has already been closed.

At the time of our last report, the one remaining claimant had appealed to the *Cour de Cassation* (the French supreme court) on 2 March 2020. The claimant then had 4 months to send in his appeal. Our solicitors made the required submissions by the deadline of 9 November 2020 and we are awaiting the decision of the Supreme Court on the admissibility of this claim which is scheduled for this autumn, the date currently unknown.

This remains the only substantive issue which continues to delay finalisation of a distribution to creditors and subsequent closure of the liquidation.

## Connected party transactions

There have been no connected party transactions in the period covered by this report.

## Statutory and compliance

### Annual progress report

We completed an annual progress report for the period from 17 August 2019 to 16 August 2020 which was circulated to all creditors.

## Investigations and actions

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

## Our receipts and payments account

We set out in Appendix A an account of our receipts and payments in the liquidation from 17 August 2020 to 16 August 2021.

## Our expenses

We set out in Appendix B a statement of the expenses we've incurred to the date covered by this report and an estimate of our future expenses. The statement excludes any potential tax liabilities that we may need to pay as a liquidation expense in due course because amounts due will depend on the position at the end of the tax accounting period.

## Our fees

We set out in Appendix C an update on our fees, expenses and other related matters.

## Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge our fees and expenses within eight weeks of receiving this report as set out in Rule 18.34 IR16. This information can also be found in the guide to fees at:

<http://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/creditors-guide-to-liquidators-fees-england-and-wales.ashx?la=en>

You can also get a copy free of charge by telephoning Helena Perevalova on 07483 423208.

## What we still need to do

In order to conclude the liquidation we still need to complete the following tasks:

- conclude the litigation regarding the former employees in France;
- pay a dividend to unsecured, and potentially preferential, creditors; and
- complete statutory closure tasks and issue our final account.

## Next report

We expect to send our next report to creditors at the end of the liquidation or in about 12 months, whichever is sooner.

If you've got any questions, please get in touch with Helena Perevalova on 07483 423208.

Yours faithfully

**Rachael Maria Wilkinson**  
Joint Liquidator

## Notes to the R&P

1. Amounts shown exclude VAT of which only 16% of input VAT is recoverable. Funds currently held may include monies due to HMRC or other members of a VAT group, or exclude monies which will be received in due course from these parties.
2. Funds are held in a non interest bearing bank account.
3. The statement of affairs was lodged in the prior administration and therefore is unsuitable for comparison purposes

# Appendix B: Expenses

Expenses are amounts properly payable by us as liquidators from the estate, but excludes our fees and distributions to creditors. These include disbursements which are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

Expenses fall into two categories:

Expense	SIP9 definition
<b>Category 1</b>	Payments to persons providing the service to which the expense relates who are not an associate of the office holder.
<b>Category 2</b>	Payments to our firm or our associates or which have an element of shared costs (for example, photocopying and mileage disbursements, or costs shared between different insolvent estates).

We don't need approval from creditors to draw Category 1 expenses as these have all been provided by third parties but we do need approval to draw Category 2 expenses. The body of creditors who approve our fees (in this case the basis agreed in the administration by the creditors' committee, was carried over into the liquidation) also has the responsibility for agreeing the policies for payment of Category 2 expenses. No category 2 disbursements were incurred during the period covered by this report

The following table provides details of the Category 1 disbursements that have been incurred by PwC and will be recharged to the case:

Category	Cost incurred by	Policy:	Costs incurred (£)
1	PwC	Storage	14.08
<b>Total</b>			<b>14.08</b>

The table below provides details of the expenses incurred in the liquidation. Please note that our time costs are no longer included in the table below as details can be found in Appendix C.

The table should be read in conjunction with the receipts and payments account at Appendix A, which shows expenses actually paid during the period and the total paid to date.

# Appendix C: Remuneration update

During the administration, creditors fixed the basis of the administrators' fees by reference to time properly given by the administrators and their staff in dealing with the administration.

The fee basis agreed in the administration continues to apply in the liquidation. This means that our fees as liquidators will be calculated by reference to time properly given by the liquidators and their staff in dealing with the liquidation.

The time cost charges incurred in the period covered by this report are £19,630.60. This amount does not necessarily reflect how much we will eventually draw as fees for this period.

We set out later in this Appendix details of our work to date, anticipated future work, disbursements, subcontracted work and payments to associates.

## Our time charging policy and hourly rates

We and our team charge our time for the work we need to do in the liquidation. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex or important matters of exceptional responsibility are handled by our senior staff or us.

All of our staff who work on the liquidation (including our cashiers, support and secretarial staff) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. For the avoidance of doubt, work carried out by our cashiers, support and secretarial staff is charged on a time costs basis and is included in the analysis of hourly rates charged by partners or other staff members. Time is charged in three minute units (i.e. 0.05 units). We don't charge general or overhead costs.

We set out below the maximum charge-out rates per hour for the grades of our staff who already or who are likely to work on the liquidation.

Grade	Business Restructuring Services		Specialist Rates	
	Up to 30 June 2021 £	From 1 July 2021 £	Up to 30 June 2021 £	From 1 July 2021 £
Partner	955	980	1,600	1,680
Director	840	865	1,465	1,540
Senior Manager	665	685	1,355	1,425
Manager	575	595	815	860
Senior Associate	465	480	605	640
Associate	297	280	325	345
Support staff	155	160	180	190

We call on colleagues in our Tax, VAT, Real Estate and Pensions departments where we need their expert advice. Their specialist charge-out rates vary but the following are the maximum rates by grade per hour.

In common with many professional firms, our scale rates may rise to cover annual inflationary cost increases.

## Payments to associates

No payments have been made to associates or any party who could reasonably be perceived as an associate during the period of this report. Relevant parties have been chosen due to their specific area of expertise or technical knowledge and payments to those parties based on standard commercial terms.

## Our work in the period

Earlier in this section we have included an analysis of the time spent by the various grades of staff. Whilst this is not an exhaustive list, in the following table we provide more detail on the key areas of work.
